

Julington Creek Animal Walk Dog Park Rules

All memberships must be paid in full prior to using park facilities. Memberships are issued per household family, and may not be loaned out to others. A membership card for monthly and annual memberships will be required to enter the park. Members are responsible for any and all use of their card(s). Lost or stolen cards must be reported immediately. Replacement cards may be purchased for \$10.00 each.

Membership cards are only to be used for access to the park for recreational time with your own personal pet(s). Membership cards may not be used to access pets that are boarding. Doing so is considered a violation of your park membership and will result in immediate termination of your membership without reimbursement. Access to boarding pets must be made through the reception staff during office hours.

Members should not allow anyone other than their own paid guests through the member gate at any time, regardless of whether the people wanting in have a dog with them or not, or if they say they are a member or not, or if they have a membership card or not. Direct them to the office. If the office is not open, they will need to return when the office re-opens. Make sure you close the member gate after you, even if people are waiting to go through the gate.

We're sorry but we cannot allow children less than 4 feet tall to enter the park. Most dogs treat small children not as humans, but as equals or even worse, as prey. All children are expected to be closely supervised and with an adult at all times. No running, yelling, or petting of other dogs is allowed unless permission is given first by the owner.

For the health and safety of all patrons, any pet using this facility must have written proof of current vaccines from their Veterinarian. It is the responsibility of the owner to keep all vaccinations current. If a current record cannot be produced, membership card(s) may be subject to deactivation and entrance to the park denied. Required vaccinations include current Rabies, DHLPP, Parvo, and Tracheobronchitis. We also require proof of current (annual) Fecal and Heartworm tests, with negative results. All pets should be on parasite prevention.

No more than 3 dogs per adult are allowed. Owners must carry a leash for each dog under their supervision. Unless a dog is entering or exiting the park, he/she should be off-leash unless a need for restraint occurs. .

Intact Male dogs over 8 months, dogs in-heat, or sick dogs are not allowed to use the park.

Food of any kind is not permitted within Animal Walk except in designated picnic areas.

Smoking is not permitted within Animal Walk and its associated Dog Park and recreation areas.

Be a responsible pet owner. Clean up any "calling cards" your dog leaves behind. Doggie Mitts are provided for your convenience. For sanitary and safety reasons, you are expected to clean up after your pet. Receptacles are located throughout the park for disposal of mitts.

If your dog digs, please refill the hole.

Be aware that we are located near many residential neighborhoods. Please do not allow your dog(s) to bark excessively, especially near Cormorant Creek.

Your dog must be supervised at all times. No pets should be left unattended. You are responsible for your dogs' behavior. If your dog is playing too rough, or behaving in an aggressive manner, you are expected to mediate and control your pet immediately. You may need to move to another area of the park, or leash your pet. Rough play is okay only if it is welcome by all parties involved. Your dog may be playing, but if the other dog(s) is not having fun, it is no longer acceptable or welcome.

This park is not intended for aggressive dogs, which includes dog-aggressive and/or people-aggressive. Aggressive behavior should be reported immediately.

Users of this facility do so at their own risk. Julington Creek Animal Walk and its associated personnel and business will not be held liable for any illness, injury or damage to any persons or pets using this facility. Each dog owner is legally and financially responsible for his/her dog's actions. If your dog inflicts an injury to a human or to another dog, give your name and telephone number to the other dog owner before leaving the area.

Animal Walk management reserves the right to refuse, revoke, or suspend membership of any person or pet at anytime.

Thank you. We welcome you to Julington Creek Animal Walk's Dog Park and hope you will enjoy the opportunity for some recreational time with your pet. Leave your worries outside. Please recommend us to your friends ☺
